

The Salignan Windmill in Apt

Visit the windmill of Salignan and the exhibit '*From Apt to the Aptian, A Journey Through Geologic Time*'

April, July and August 2019: every Tuesday morning at 10.30am

Join us on a journey to discover the geological history of Luberon, over 130 Million years old....

The windmill of Salignan displays an exhibit on the division of geological time. It's free, advance booking required (la Maison du Parc, by phone 04 90 04 42 00 or by email accueil@parcduluberon.fr).

You will learn about the geologic history of Earth, the rocks found in Luberon, their fossils and the Aptian stage (-125 to -113 million years) of the geological time scale!
